

Operation & Maintenance, Mechanics

Application deadline Continuous job offer

Job description

Wärtsilä is a global company which supports its customers throughout the lifecycle of their installations, providing services & Operation and Maintenance solutions for the land based power plants. We have more than 15,000 employees in 130 offices and are present in close to 70 countries worldwide.

We provide Operation and Maintenance services for equipment delivered by Wärtsilä, as well as other brands. Within our O&M organisation, you will be part of the global services organization, with regional and local management. You will work with colleagues to bring the energy, excellence, and excitement required to build and enhance our business relationships. Our short introduction is available in the www.wartsila.com pages under “Products and Services” / “Services” / “Basic Support”

As an O&M Mechanic in our organisation, you will receive hands on training to enable you to work in a truly international environment with unlimited potential for career development. You will take part in interesting challenges that will help advance your professional career, technical knowledge and skills.

In your role, you will be active in servicing, repairing and trouble shooting the equipment of our customers at remote locations. You will work in teams and report your work to the Team Leader with in the local organisation.
